Report on Feedback from Students 2018-2023

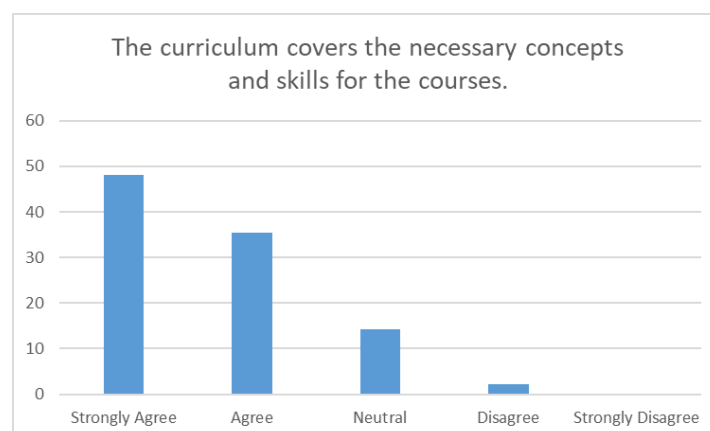

ANALYSIS REPORT OF FEEDBACK ON CURRICULUM AND AMBIENCE FROM STUDENTS 2018-19

Higher education institutions are continuously evolving in terms of instructional practices to improve the quality of education they offer. This is influenced by various factors and the perceptions of all stakeholders, with students being the primary stakeholders. The students' perception of the institution's environment is crucial in determining the educational quality. To enhance the atmosphere, the college actively seeks feedback from students on a regular basis. This feedback plays a key role in making the educational system dynamic and helps evaluate how well the curriculum is understood. The college collects feedback from students in a prescribed format, which is then analyzed by the feedback analysis committee. The committee prepares a comprehensive report disclosing valuable insights provided by students regarding their educational experience. This report serves as an assessment tool for understanding students' needs and making informed decisions to enhance the quality of education. By actively seeking and considering student opinions, institutions demonstrate their commitment to student-centered learning and ongoing improvement. The feedback report fosters open dialogue between students and faculty, ensuring that students' opinions are heard and respected. It compiles qualitative and quantitative data on various topics such as teaching strategies, curricula, support services, infrastructure, and general satisfaction with the educational experience. The primary objective of the report is to provide actionable suggestions for improvement to the higher authority for implementing developmental strategies in supplementing the curriculum and the overall ambience of the institution.

ANALYSIS REPORT OF FEEDBACK ON CURRICULUM AND AMBIENCE FROM STUDENTS 2019-20

St Joseph's College utilizes a student feedback system to improve its academic excellence and campus facilities. The system consists of open-ended questions that allow students to express their opinions and suggestions for improvement. The feedback is collected annually, creating a sense of involvement among the students. A Feedback Analysis Committee assesses the remarks and prepares a report for evaluation by the IQAC.

ANALYSIS REPORT OF FEEDBACK ON CURRICULUM AND AMBIENCE FROM STUDENTS 2020-21

The institution prioritizes academic and holistic excellence and values regular feedback from students as a crucial factor in its development. Student feedback provides opinions and suggestions regarding various aspects of their academic experience. By incorporating diverse feedback mechanisms and establishing a systematic approach to collecting and analyzing these opinions, the institution creates a conducive learning and development environment. The institution takes into account student remarks to assess how well the curriculum is meeting their needs and makes efforts to study and implement necessary suggestions. The feedback committee compiles the consolidated student feedback form and submits it to the IQAC for review and dissemination throughout the institution. This mechanism also ensures that students are involved in the decision-making process.

ANALYSIS REPORT OF FEEDBACK ON CURRICULUM AND AMBIENCE FROM STUDENTS 2021-22

2021-22 -The perspectives and opinions of the student community can also influence an institution's academic quality. Our institution never failed to collect feedback from the students enabling them to express their needs and necessities which are indeed a mandate for the development of the institution. The regular feedback mechanism enables the institution and the administrators to know about the attainment of the curriculum and the facilities that the college offers. The aim of the feedback mechanism is to enhance and cater for the development of the institution and to offer academic quality.
