

Alumni Interaction and Seminar-3

Topic- Job after B.Sc Chemistry

Date-08/12/2023

Resource Person -Anju Sunil, Pharmacist at IQRAA International Hospital and Research Centre Adimaly

Report

The Department of Chemistry at St. Joseph's College, Moolamattom, organized an Alumni Interaction and Seminar on December 8, 2023. The event featured Anju Sunil, a distinguished alumnus who currently serves as a Pharmacist at IQRAA International Hospital and Research Centre in Adimaly. The seminar focused on the pertinent topic of "Job after B.Sc Chemistry." Anju Sunil shared valuable insights and experiences, providing attendees with a comprehensive understanding of career opportunities available after completing a B.Sc in Chemistry. Her presentation delved into the diverse paths that graduates can pursue, emphasizing real-world applications and opportunities within the pharmaceutical sector. The event proved to be an enriching experience for both current students and faculty members, fostering a connection between academia and the professional realm. Anju Sunil's expertise and firsthand knowledge added a practical dimension to the seminar, making it a valuable resource for those exploring career paths in the field of chemistry.
